

Luke 2:8-20

God *interrupts* our normal.

*A Declaration:* Peace has come.

If Jesus came to give us peace, why is everything so messed up?

The peace we all want: The absence of external conflict and internal stress.

The peace we all desperately need: Peace with God.

Peace is not necessarily peace received.

A Christmas Choice:

- Accept the peace that's been offered.
- Offer that same peace to others.

*In light of what I have learned today, what do I need to do to obey God?*
