

Luke 24:1-12 | John 11:25 | Matthew 28:18 | John 10:18; 14:6  
Ephesians 3:19

Why does Easter matter today?

What does the resurrection mean?

- Jesus is alive!
- Jesus has the power he claimed to have.
- Jesus does what he promises to do.

This is the power of the resurrection: Jesus offers his power to me every day.

It is the power to change your life.

The power to live a much better life.

- My past can be forgiven.
- My present problems can be managed.
- My future can be secured.
